## November Meeting

In November we had Danny Sims come and talk to us about Hydrothermal energy and how mineralogy fits into their work. It was a very interesting discussion and was well attended by many of our members.

## Election of Officers

November also was our election of officers. We want to thank all of those that are willing to volunteer their time to make this club a success. The new board of officers is as follows:

PRESIDENT - John Raabe

VICE-PRESIDENT - Christiane Toft

TREASURER - Toni Floyd

SECRETARY - Fred Floyd

PARLIAMENTARIAN - Christiane Toft

BULLETIN EDITOR - Dawn Vickers

# PGMC Membership 2017 Drive has Begun!

Beginning November 1, we have begun our new membership year. At each meeting, we will have the new membership applications. Each year we require members to fill out a new membership form and liability form (on the backside of the application). This will allow us to have your most up-to-date information as well as maintain a record of release of liability forms for when our members use the workshop and/or participate in field trips. There is an electronic copy of the membership form on our website and our facebook page if you would like to fill it out and bring it to the next meeting. Please make sure to fill and sign the release of liability form as well and return it with your membership form and dues. If you have any questions, please feel free to contact Jef Wright at [joxer.kot@gmail.com](mailto:joxer.kot@gmail.com) or Dawn Vickers at [dawnjvickers@gmail.com](mailto:dawnjvickers@gmail.com) with regards to your membership status.

## December PROGRAM

### Christmas Potluck and White Elephant Exchange!

Come spend a fun and exciting evening with club friends as we slide into the holiday season! And bring your friends and family!

We'll have exciting centerpieces (wonder what Barbara is gonna come up with this year?!?!?) and have a white elephant gift exchange. So bring a wrapped gift with a value between \$10 and \$20. It can be club related or not, serious or not! We'll be swapping and stealing gifts until the last person has their prize!

Bring a dish to share with 6 - 8 people and your own favorite drinks along with your plates, napkins, and tableware.

See you there!!!

# Gem & Mineral Show 2017

At the last Show Committee meeting we prepared around 200 vendor invitations. We mailed out around 130 invitations to potential vendors, so we have vendor invitations available if you need any. Just let me know.

It is very important that we have a good show next year. The money we make from the show helps pay for the shop rent and operating expenses. The Center for the Arts has been a wonderful place to hold the show. Vendors love it. We love it. We have been very fortunate the last 3 years in that we have received a highly discounted rate for using the Center. However, we have been advised that they are going to have to raise our rate in the future. We're not sure how much. That means we will likely need to raise the amount we charge vendors if we want to continue holding our show there. This is why we need to have a very good show this year. After we fill up the vendor booths the Club needs to bring in people, lots of people. If we fill the Center with buyers our vendors will have a successful show along with us. If our vendors have a great show, they will be more willing to pay a little higher booth fee the next year. So there you have it.

We need every members help in making the 2017 show a record event. We need vendors. We need people to attend. We need volunteers. We need your ideas on how to make the show a success.

Please feel free to share your ideas with me, Dawn, Michelle, Chris, Bob, John or any board member.

We would love to hear from you and would very much appreciate your help.
